The Thomas Sappington House Museum (near the intersection of Interstates-270/44 and near Grant's Trail) is on the National Register of Historic Places. It is tucked away in a 2.5-acre park, featuring lush lawns and a small lake with a fountain. A rare example in Missouri of Federal architecture, popular

from 1780 to 1830, the historic structure still stands at its original site and is bordered by flower and herb gardens which appear as they did over 200 years ago.

Historic Sappington House (HSH) is judged to be the oldest brick home in St. Louis County. Meticulously restored and elegantly refurbished with authentic, early American antiques dating from before 1835, the site allows visitors to look back in time to see how wilderness inhabitants lived in the early 1800s.

A getaway to HSH must involve delicious food from The Barn restaurant. The Barn serves freshly prepared farm-to-table, all day breakfasts, lunches and hand-crafted pastries/baked desserts. Above The Barn, the Loft Gift Shop specializes in “American Rustic Chic” gifts for you and your family/friends’ lifestyle, garden and all occasions.

Whether it is natural beauty or a historical/cultural experience or delectable dining or boutique shopping that you crave, you will enjoy your visit to Historic Sappington House.
